

DIESEL GARAGE

WORLDWIDE NETWORK

YOUR NETWORK OF DIESEL INDUSTRY PROFESSIONALS

What is the Diesel Garage Worldwide Network?

The DGN is a worldwide directory of preferred, reputable and professional diesel industry parts manufacturers, shops, diesel motor sports organizations, racetracks and diesel related businesses who provide products, services and help promote the diesel industry in a positive way.

Biggest question, “how will it benefit my Company?”

By joining your Diesel Garage Worldwide Network as a trusted Network Partner, you will be helping your company in the diesel industry by promoting your sales & services that we refer to the DGN viewers, partners and motor sports events!

Diesel Garage referrals have generated over \$225k in sales and services in the last 2 years!

Being a trusted partner of the Diesel Garage Network, your company will have more exposure to our special niche market. Instead of paying for a magazine ad, which only those who purchase the magazine see, Diesel Garage will advertise your business on our website, and across all of our social media pages, which includes your logo hyperlink and a business sales ad with hyperlink on our website as well. With 25k to 225k people, from 63 different countries per week looking at Diesel Garage Media social media outlets (FB, Instagram, Twitter, LinkedIn) and website (www.diesलगaragemedia.com), your Company, products and or services will have more visibility to the consumers looking for them.

New age marketing is going all digital and Diesel Garage has always been a digital promotional company. Diesel Garage knows hundreds of diesel industry businesses & organizations in and around the diesel industry. Diesel Garage also has a connection with those just getting into the industry and asking, “where can I get the best parts, services and motor sports events recommendations in the industry?” Your company visibility is not only to the diesel industry, but everyone on the web that will be able to see your company and call you for your products and services, thus producing more sales for your business through your Network. Would your company benefit from more sales?

Join us today and we can help make that happen for your business!

There is no other network in the world like it, hands down!

CURRENT NETWORK PARTNERS

WHAT SOME OF OUR GREAT CUSTOMERS & NETWORK PARTNERS HAVE TO SAY ABOUT US!

ISSPRO has been in the Diesel Garage Network for about a month now and it has been so much better than we anticipated. Eric and the Diesel Garage Media Network are what the diesel industry needs right now; especially since our industry has been rocked by a few scandals over the past few years. ISSPRO's aftermarket definitely felt the pinch of "Diesel gate" and the effects of its aftermath but I am happy to report that even in our short time of working with Eric we have already begun to see an uptick in our business. Through Eric and DGM we are connecting with people in the industry that we would not normally have access to, expanding our direct distributor base, and he has gone out of his way to learn more about our products to help promote us further within the network. Eric's love and passion for diesel and the diesel industry is obvious in all of the effort and enthusiasm he brings to the table when it comes to DGM and his customers.

Jennifer Reber

Isspro Inc.

Google Review

I'm the owner of Abilene Diesel Performance. We recently joined Diesel Garage Worldwide network, and if you're on the fence about joining you shouldn't be. What Eric is doing for the industry is a great thing. In 2 weeks, we've been involved with him he has gotten us in touch with 2 big players in the industry for setting up as a dealer. The connections he has and the network he's building will be well worth the investment. Now as far as Diesel Garage Media goes. We brought Eric and his team on with us to help us promote our 2nd annual diesel race. In the very short time he has been working it with us he has already gotten us several new contacts that look promising to join us as a sponsor, got a ton of buzz going about the race, has been very informative about his day to day operation for the race, his edits for post are amazing, and I could go on and on about the Job they are doing. DGM will be my go-to for all future events without a doubt.

More Google Reviews

Eric Villa of Diesel Garage Media has been an absolute pleasure to deal with. I've hired him back several years running now for our annual 907Diesel "Prowl for Power" event in Alaska and will continue to do so for the foreseeable future. The type of coverage you get from a large media outlet, with the small one-on-one attention to detail from a real enthusiast that wants to see you and your event do well. DGM has been instrumental in extending the reach of my event nationwide, helping attract new sponsors and reserving repeat sponsors, and overall increasing attendance with creative marketing and advertising. On top of that, we've become very good friends over the years. This man will work himself ragged for you. I can't thank Eric enough for his dedication, his friendship, and our continued growth together in the diesel industry.

Google Review

Had these guys come down and cover our Dyno day. They did a fantastic job getting some great pictures as well as helping advertise for the event. We had trucks on the Dyno all day!
