

DIESEL
GARAGE
NETWORK

Who & What is the Diesel Garage Worldwide Network?

The DGN is a worldwide directory of reputable, professional and trusted diesel industry manufacturers, aftermarket parts manufacturers, repair shops, and diesel motor sports organizations coming together in one place providing products and services from Brands you Trust.

Your Network helps consumers find the parts and services they are looking for and need in one easy location.

How will the Network Benefit Your Company And the Consumer Market?

By joining the Diesel Garage Worldwide Network as a trusted Network Partner, your company will have more than 10X the visibility in the marketplace. Instead of paying for a magazine ad, which only those who purchase the magazine will see, your company will be seen by our audience with 15k to 225k people, from 63 different countries per week looking at Diesel Garage social media outlets (FB, Instagram, Twitter, LinkedIn) and website (www.dieselgaragemedia.com), your Company products and or services will be seen 10x more every month.

New Age Marketing is Going All Digital!

Diesel Garage has cultivated hundreds of relationships of diesel industry businesses & organizations in and around the diesel industry. Diesel Garage also has a connection with those just getting into the industry and asking, ***“where can I get the best parts, services and motor sports events recommendations in the industry?”*** Both new and returning customers are always looking to find parts and services for their diesels. Instead of having to search the internet for each business, they can simply go to one website where they can find the parts and services they need from Brands they trust.
